

Parent Planner for
Year 2
Summer term 2017
Mrs Bates

...will be on a
Monday and
Wednesday. A
named kit is
essential.

Literacy

We will be looking at fiction and non-fiction writing. The children will be writing effective explanation and report texts. We will be increasing our use of interesting words to hook the reader. They will also write a fact file and during history will be writing a diary entry.

Numeracy

The children will develop their calculation skills including addition, subtraction, multiplication and division. We will also be developing their mental maths skills during our morning mission session. Also we will be looking at time and money.

Science

In science we will be looking at habitats and how specific habitats provide for the basic needs of living things. We will also be planting seeds and discovering what they need to survive. As well we will be looking at simple food chains

Art and design and music

In art the children will be able to use a viewfinder to focus on a specific part of an artefact before drawing it. They will be able to create a printed piece of art by pressing, rolling, rubbing and stamping.

In music the children will learn to create music in response to different starting points. Be able to choose sounds which create an effect and be able to use symbols to represent sounds.

Computers

The children will learn to organise digital content. Be able to retrieve and manipulate digital content and navigate the web to complete simple searches.

Humanities

In History we will be looking at great explorers and adventurers. The journeys they went on and the differences and similarities in the experiences. They will have an understanding of the chronology of the historical periods in which the explorers lived. They will be able to recall some key facts about the experiences of the great explorers.

British Values

May - Honesty

June - Hope

July - Co-operation

Visits

TBC. looking at habitats.

If you have any questions or queries don't hesitate to contact school! Thank you for all your support.

Unlocking the learning at home....

- Daily reading and discussing what you have read
- Research about great explorers
- Use books/internet
- Number bonds and times tables 2x 5x 10x 4x 3x
